

PARENT AUDIT

OCTOBER 2024

QUESTIONNAIRES SENT HOME IN OCTOBER 2024

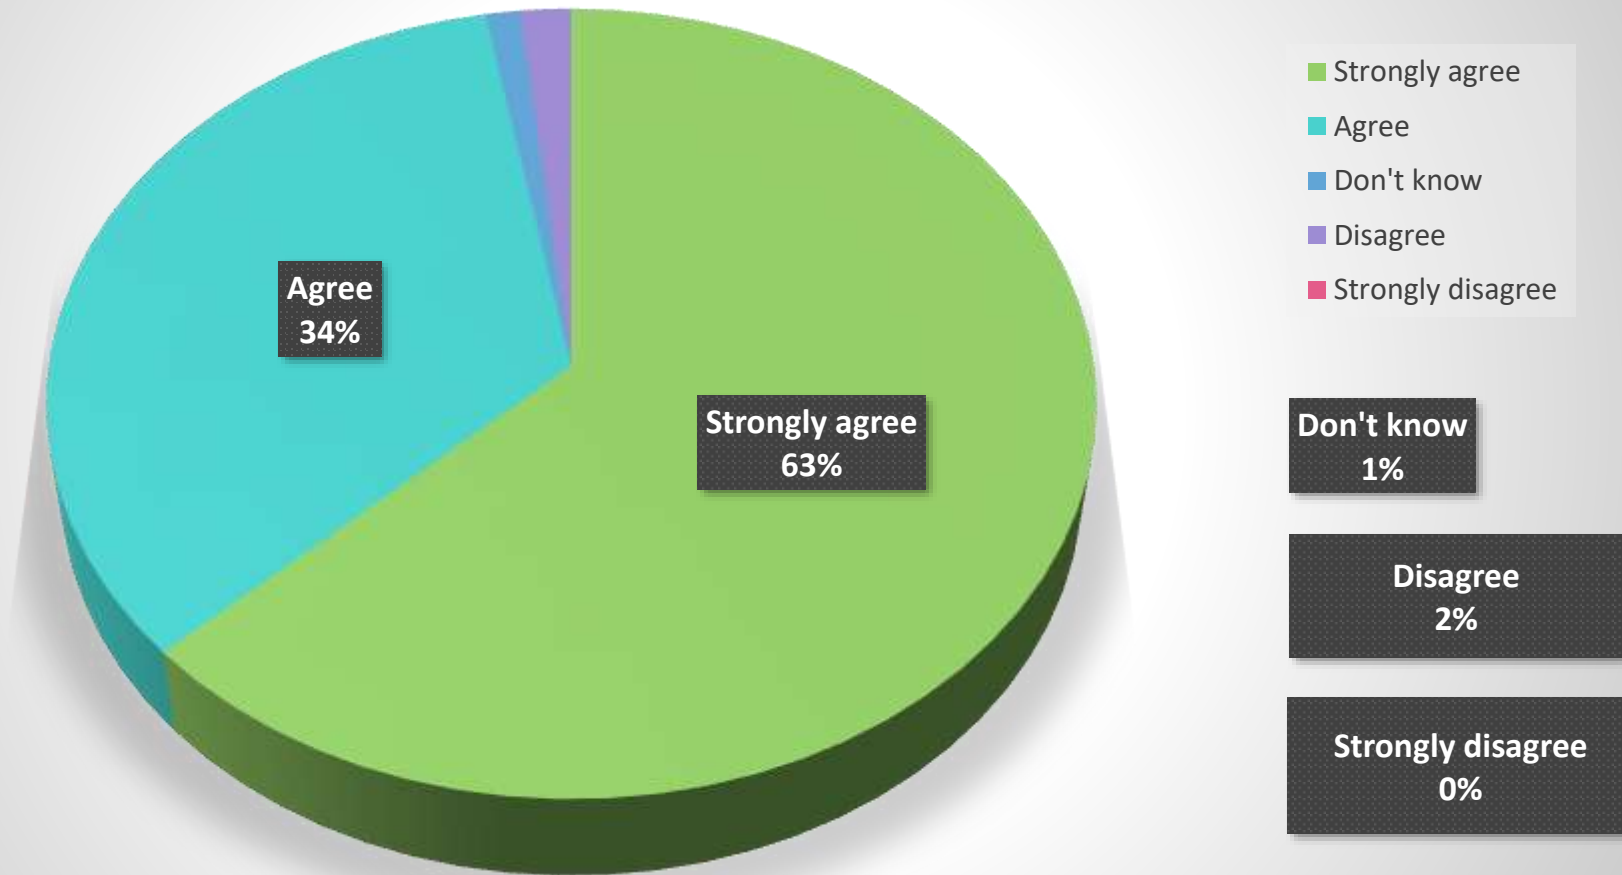

- 174 questionnaires were completed and returned.
- A few of these were only partially completed so the numbers and figures are not all out of 174.
- 42 questionnaires included parental comments (See next slide for examples of the comments)
- There were 11 statements altogether and parents were asked to Strongly agree, Agree, Disagree, Strongly Disagree or Don't know.
- The vast majority of questionnaires (95%) included Strongly agree or Agree and the overall response was very positive.
- The statement 'The school deals effectively with bullying' was the only one where 19% of parents stated 'Don't know'.
- 6 questionnaires included disagrees or strongly disagrees, however, no names were included so we are unable to contact the parents directly. We have added a comment to the newsletter inviting parents to speak to a member of staff if they wish to do so.
- There were two forms completed with comments from a parent who wanted to know more about how their children were progressing. These were followed up by the class teachers and leadership as the names of the children were included.
- There was one form which mentioned a follow up appointment from the SEND team and this was passed onto our SENDCO team.

INTERPRETATION OF THE RESULTS

- The overall findings show that, on average, 95% of parents agree or strongly agree with the statements and are happy with the school and their child's progress.
- 99% of the replies stated that they would recommend our school to another parent.
- There were only six questionnaires returned which disagreed or strongly disagreed with some of the statements. Unfortunately, we are unable to follow these up as the forms were completed anonymously. We have added a comment to our newsletter inviting parents to speak to a member of staff if they wish to do so.
- 19% of parents answered don't know to 'The school deals effectively with bullying' however, the other comments were answered positively. These parents have said that they have not had any incidents that needed addressing therefore they didn't know.
- Two parents who had ticked don't know to 'the school responds well to any concerns I raise' had commented to say they haven't had to raise any concerns with any staff or it was not applicable.
